

No city or town ever advanced very far with the people divided into blocs and clubs, and all kinds of political parties divided and sub-divided. Neither can a city or town progress forward with her citizens devoting their time to "Scrapping" over unimportant matters. There is much waste of time and energy in all this. Nothing is accomplished having a good time unless a certain amount of hard work is performed. The sure way to success is work, lots of it, and a well-directed plan.

**MILLION DOLLAR
FLOOD DAMAGE
IN MAINE TOWN**

**Theatre, Foundry, Storehouses and
Highway Bridge Swept Away at
Ellsworth**

(By Associated Press)
Ellsworth, Me., May 3.—Receding water in the Union river today gave hope that the main section of the big Bangor Railway and Electric company's storage dam might hold. One section went out last night. The damage from the flooded condition was so increased by last night's disaster that it is estimated at one million dollars. The Dirigo Theatre and a highway bridge in the city, a storehouse of the Hancock County Farmers Union, the plant of the foundry and machine works and about twenty yachts and a number of smaller craft were swept away. Several houses were undermined.

**TEN KILLED IN
UTAH TRAIN WRECK**

**Eight Passengers and Two Trainmen
Lose Lives in Crash on the Denver
and Rio Grande**

(By Associated Press)
Salt Lake City, May 3.—Eight passengers and two trainmen were killed and twenty-five passengers were injured, some fatally, in the wreck last night of an east bound Denver and Rio Grande passenger train near Woodside, Utah. Two engines pulling the train of eleven cars were overturned, killing one engineer and one fireman and the baggage car and the smoking coach crashed into the wreckage. The eight passengers killed were occupying the smoking car, it was reported here. Officials of the road said the cause of the wreck was unknown.

**STREET RAILWAY
FACING STRIKE**

**Employees of Eastern Massachusetts
System Now Voting--Ask 30 Per
Cent Wage Increase**

(By Associated Press)
Boston, May 3.—Unions in every division of the Eastern Massachusetts Street railway system, comprising 1800 employees are voting on the question whether to arbitrate their demand for a wage increase of about thirty per cent and other concessions. It was said today only the Lawrence local, numbering 250, had voted to strike. They have set Friday at midnight for the walkout, but have arranged a meeting that evening for final consideration. Officials of the road said they did not expect a strike and that they are willing to submit to arbitration all demands except that to have the company collect union dues from employees in arrears.

**THINK RUM FLEET
IS BREAKING UP**

**Government Activities Too Strong for
Liquor Smugglers Off Jersey Coast**

New York, May 3.—Haze today shrouded the operations of the rum fleet off Sandy Hook which began breaking up last night under the force of a three-cornered drive directed by the government against liquor smugglers. Seizure of supply boats putting out from New York, the placing of a coast guard patrol on the fleet and reinforcements of shore forces watching for landed rum proved too great a handicap for two of the biggest units of the fleet yesterday. The British tanker Warszawa and the yacht Istar sailed to sea shortly before dusk. Signs of activity had been noted aboard another small steamer and the four schooners which made up the rest of the Rum Row, but whether these vessels had left the anchorage they had found, so profitable for months could not be learned this morning. Speculation was rife along the water front as to whether the fleet actually had given up or had departed for some other bit of coast where they figured opposition would prove less effective. Coast guard officials, however, declared that they had the fleet on the run.

**AN AUTOPSY ON
HATCH DEMANDED**

**MISSING GIRL'S
BODY IS FOUND
AT AMESBURY**

**Twenty-Year-Old Mary Cur-
tin of Lowell Had Been
Missing Since April 20**

(By Associated Press)
Lowell, Mass., May 3.—The body of Miss Mary M. Curtin, 22-year-old daughter of Mr. and Mrs. Martin C. Curtin of this city, who has been missing from her home for about two weeks, was taken from the Merrimac river at Amesbury today. The young woman disappeared on the evening of April 20.

**Relatives of A. J. Hatch Arrange for a
Thorough Investigation and Employ
Specialists--Officers Continue Work
on Case**

The funeral of Albert J. Hatch of Kittery who met death in some strange manner on Sunday, was not held on Wednesday afternoon. Relatives of the dead man feel that his death was not due to exposure and they have asked that the body be held for a more thorough investigation, autopsy and a chemical analysis of his stomach. Relatives in this city, it is understood, have employed three specialists from Maine to conduct a thorough examination. The officers are running down a few more stories today and some new developments may result.

**WILL EXAMINE
ALLEGED SLAYER**

**Michigan Man Says He
Killed Because Victim
Was a Cripple**

(By Associated Press)
Saginaw, Mich., May 3.—Gideon Cardinal is to be examined by a lunacy commission prosecuting authorities announced here today, following his alleged confession that he killed Clement Shovar and the latter's wife because Shovar "was a cripple." Cardinal is said to have told the officers he had an aversion for cripples. The killing took place in the Shovar home in Carrollton near here, a hatchet being used by the slayer.

**FRENCH REJECT
GERMAN PROPOSAL**

**Insufficiency of Sums Offered and Lack
of Guarantees Are Reasons for
Refusal**

(By Associated Press)
Paris, May 3.—The French cabinet today unanimously rejected the new German reparations proposals. The reasons given for the rejection were lack of guarantees and insufficiency of the sums offered by Germany. Premier Poincare will consult with the Belgian government as to the reply to Germany and when it is ready it will be communicated to all the allies.

**NEW KLAN MOVE
IS UNDER WAY**

**Members of Proposed Organization Will
Wear No Masks or Hooded Uniforms**

(By Associated Press)
Topeka, Kan., May 3.—The "Ku Klux Klan of Kansas," charter application for which is now pending before the state charter board, represents an insurgent movement against the Georgia corporation, sponsors of the new organization said today. The new Klan, according to the application, proposes to maintain national headquarters in Kansas and intends to issue charters to Klans in other states. Application for the charter was presented yesterday by J. C. Hopkins of Kansas City. He was accompanied by L. S. Harvey, former U. S. district attorney, who recently testified at the State Klan Outster hearing in Kansas City that he withdrew his membership because he disapproved of its plans. "The new organization plans to eliminate all of the objectionable features of the old Klan," Harvey said. "The new Klan will recognize no boycott, no class hatred, and will not wear masks or hooded uniforms." He said membership would be restricted to "Protestant Gentiles."

**AMERICANS TAKE
BRITISH TROPHY**

(By Associated Press)
Sandwich, May 3.—The St. George challenge cup, one of the most important golf trophies in England has been captured by the American invaders. Dr. O. F. Willing of Portland, Oregon and Francis Opimet of Boston tied for first place in the two day stroke competition which ended today with aggregate scores of 163 each. They will play eighteen holes tomorrow to decide the winner.

**RUSSIAN CHURCH
WILL UNFROCK
DR. TIKNON**

Moscow, May 3.—The All Russia Church Conclave today adopted a resolution unfrocking the Most Reverend Dr. Tikonov, former Patriarch of all Russia. Dr. Tikonov was not present, being still in prison where he is awaiting civil trial on charges of opposing the soviet regime.

HIGH SCHOOL WIN OPENING GAME AT HOME

Defeat Methuen High in a Well Played Game Before a Small Crowd

The high school opened its baseball season at home on Wednesday afternoon by defeating the Methuen, Mass., high in a good game 7 to 4. The crowd was not very high for an opening game and the way they played, the high school could make more money playing away from home. Only about half of those present paid, the others passing the girl collectors, refusing to give anything.

Coach Jordan started Winer to save Cullinan for the Saturday game with Concord and he pitched a fine game. He was reached for eleven hits, including a double and three base hit, but managed to keep his hits well scattered and had good control, allowing but one pass.

The team played well back of him, Pike pulling down a fine catch in the fourth which would have made a run. It was a low hit that Pike got off his shoestrings. The infield played a good game. Newick at short, McCann at third and Patch at second. Schurman started at first but gave way in the second to Neal who finished the game.

As a whole the team showed up well. They are weak at the bat with the exception of Cullinan, who made a single and a double being passed on his other trips to the plate. Newick not get a single hit. It was Pike's first Gustafson who are reliable hitters did not get a single hit. It was Pike's first game after his illness, and he is not very strong. Winer played a good fielding game, making one bad toss that cost a run, but he had six assists. Gelman caught a good game, batting about everything.

Duckley is definitely out of the game for the season on account of studies and at a meeting of the letter men yesterday Cullinan was elected captain. It is a good choice although the team will sadly miss Buckley who is a pure school boy player.

Methuen played a nice game, getting eleven hits but they were unable to bunch them. They had only two errors to their credit but they were costly.

The locals scored two runs in the opening inning. Newick went to first on a pass. Pike sacrificed him along. Templeton to Banford. Gustafson was safe on a fielder's choice and with two men on, Captain Cullinan put one over first for two bases, scoring Newick and Gustafson. Cullinan was left at second and McCann and Patch fanned.

Methuen scored a run in the fourth Hannigan being safe on Schurman's muff of Newick's throw and he scored on Sontog's double to left. Templeton fanned. Rostrom hit over second and Pike came in hard and picked it off his shoes and Banford raised a fly for Winer.

The locals scored another run in the sixth. With one man gone, Cullinan singled to left center and went to second on a bad heave by Banford, stole third and scored on a short passed ball. The visitors scored a run in the seventh. With one man gone, Fortune singled to left, went to second, while Bennett was being thrown out by Winer, advanced to third on Newick's boot of Russell's ground hit, and scored on a bad throw to the plate by Banford.

The locals put the game away in the eighth with four runs. Newick with a single, Pike was hit, Gustafson flied to center, Cullinan was passed, filling the bases. Here the locals pulled a squeeze play, McCann dropping one down the third base line and he was safe when Russell made a bad throw, Pike scoring. Patch fanned. Neal drew a pass, filling the bases, Gelman walked, forcing in Cullinan, and McCann scored on Winer's hit, Neal being caught on the base on a run-down.

The visitors scored two runs in the ninth on a triple by Ingalls and poor throw by Winer. Bennett scored after reaching first on a fielder's choice and singles by Russell and Hannigan.

The score:

WOMAN GIVES RECIPE TO PRESERVE CHILDREN'S LIVES

Rochester, N. H., May 1.—That spring is not only a good time to start preserving eggs, but children, is the opinion of Miss Daisy Williamson, New Hampshire College home demonstration leader, who has been conducting

a series of demonstrations in this county. Quoting a recent health bulletin, Miss Williamson says, a good recipe for preserving children is as follows:

"Take one large grassy field, one-half dozen children, two or three small dogs, a pinch of brook and some pebbles. Mix the children and dogs well together, and put them in the field, stirring constantly. Pour the brook over the pebbles; sprinkle the field with flowers; spread over all a deep, blue sky and bake in the hot sun. When brown, remove and set to cool in a bathtub."

TRIAL BY JURY WINS IN JAPAN

Tokio—Both houses of the Diet have passed a bill for the introduction of trial by jury throughout Japan. The system, however, will not come into effect, until April, 1928. The lower house unanimously supported the measure but the peers had a prolonged debate before passing it, a number of the members declaring that Japan was not yet ripe for trial by jury.

BUSINESS READJUSTMENT ADDS TO JAPANESE UNEMPLOYMENT

Tokio, May 3.—Since last spring nearly 20 big factories, public and private, have discharged approximately 100,000 workmen, the majority of whom, according to the authorities, still are without fixed employment. The number is to be further increased this summer with 3000 workmen to be discharged from the Tokio and Osaka arsenals, and even a greater number from the different military, naval, and other government offices and institutions.

As the business readjustment of va-

TETLEY'S

Makes good TEA a certainty

Warm your teapot—use teaspoonful of Tetley's Orange Pekoe for every two cups—be sure water is freshly boiling—steep five minutes. Then you have a real cup of tea.

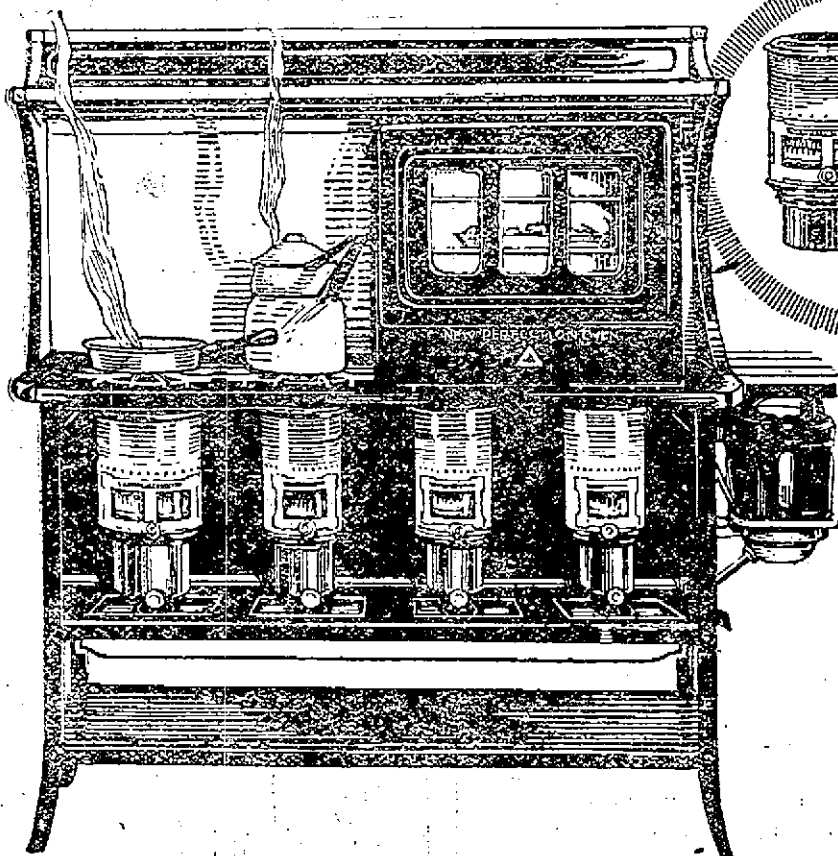

THINKS PEOPLE HAVE RIGHT TO BOYCOTT SUGAR

Washington—President Harding feels that it is wholly consistent for many people who have a complaint about prices of a commodity, to restrict their consumption of that commodity. It was said at the White House today in connection with the movement in various parts of the country to boycott consumption of sugar.

GREEK BISHOP ACTIVE IN AIDING RED CROSS

(By Associated Press) Athens, April 30.—Operation of a speaker's bureau may not sound like emergency relief work, but it is having an important part in the campaign of the American Red Cross in Greece to educate the million or more refugees from Asia Minor and Eastern Thrace. The educational campaign is being developed along the lines of sanitary discipline to prevent and to check outbreaks of typhus, typhoid, dysentery, smallpox and other epidemic diseases.

NEW PERFECTION Oil Cook Stoves with SUPERFEX Burners

THE ideal oil cookstove at last! Cooks as quickly and cleanly as gas. The new Superfex burners make this possible. Although unknown a year ago, this latest New Perfection, with the new, "fast as gas" burners, is today famous the country over. In city and rural homes alike, it is being installed as the year-round cookstove. It has been completely endorsed by the noted Good Housekeeping Institute. It is strongly and beautifully built.

New Perfection Cookstoves give instant, economical heat—always under control—lighten the kitchen work of millions of housewives—make kitchens cleaner and cooler. The New Perfection dealer in your locality will be glad to demonstrate it for you.

OIL WAR FORCING DOWN GASOLINE

New-York, May 2.—A struggle for domination between opposing elements in the petroleum industry is seen by Wall Street, the New York World says, with the Standard Oil interests and a few other large business aligned against independent companies operating chiefly in the midcontinent field. The total financing strength of the Standard Oil group is given as \$592,000,000 and the independents as \$189,200,000. The offensive, according to the paper, which was behind the general smash in prices on the New York Stock Exchange Monday, has been seen by the Street for three weeks. The objective, it is charged, is the wrecking of the independents and the eventual control of the midcontinental field by the Standard Oil interests and their allies. "Recently gasoline prices have been subject to several cuts, always initiated by Standard Oil Companies and followed by the independents," the article says. "These cuts appear purely artificial to Wall street, for the reason that, while consumption was increased

enormously this year, Mexican production has continued to slump, and the total supply of gasoline available is relatively lower than last year. "For these reasons it is said that the price reductions both in gasoline and California crude oil have been aimed at the independents. If the independents were out of the way it would be possible for the large interests to take advantage of decreasing Mexican yields and increasing consumption in this country to put the price of gasoline to almost any figure desired. "Some persons in touch with the fight and the circumstances behind it believe that the combat had its inception in animosities and jealousies that accompanied disclosures at the recent oil investigation conducted by a committee of the United States Senate. "It was reported that the independents probably would take their case to the Department of Justice, claiming that Standard Oil, despite its dissolution, was still in a position to strangle competition and that its present attack on the independents constituted a violation of the Sherman act."

NATIVES OF BRITISH SAMOA RECONCILED TO UNION JACK

(By Associated Press)
Papeete, American Samoa.—Col. Robert Ward Tate, administrator of British Samoa under the League of Nations mandate to New Zealand, will retire shortly from that position. Residents of British Samoa declare that Col. Tate during his term of office has succeeded in overcoming the former antipathy of the natives there to New Zealand rule and that he is leaving them completely reconciled to the present administration. General Richardson of the New Zealand forces has been appointed to the post.

ITALY IS LOOKING FOR OIL CONCESSIONS

(By Associated Press)
Warsaw.—Besides French capital invested in the Galician oil fields, Italy is also interested therein. Italians are negotiating now with the Polish government for a concession of 5000 acres for 30 years.

METHODIST PROGRESS IN ISLAND OF LUZON

(By Associated Press)
Manila, P. I.—Fifty four new churches have been built by the Methodists on the Island of Luzon during the last

four years according to the report of the committee on conservation and advance which was read at the recent annual conference of the Methodist Episcopal church. The report showed also that \$593,000 had been raised and expended on the island during the same period, and that the church now has 65,990 members in the Philippines.

RETAILERS' PROFITS ARE LIMITED

In an endeavor to reduce the cost of living, a new law provides that the wholesale dealers in foodstuffs may take a profit of only ten per cent, and retailers 15 per cent. Heavy penalties will be imposed upon transgressors.

Portsmouth, N. H., Thursday, May 3, 1923.

What Is the British Empire?

Is the British Empire really an empire, or just a "league of nations" that really works? Occasional conferences of the premiers of the various "dominions beyond the seas" have led very many people to believe it an empire, and the World War strengthened that conviction. Now the United States Senate has raised the question in a way that seems to require a definite answer, and maybe it isn't an empire after all.

The halibut treaty is responsible. In the interest of the halibut fisheries of the Pacific, the United States government and the Canadian government have negotiated a treaty designed to prevent the pursuit of the fish during the spawning season by forbidding the landing of the catch at American or Canadian ports. The United States Senate insisted upon the incorporation of a clause making it applicable to "the nationals of other parts of Great Britain." The Canadian Minister of Marine and Fisheries signed it for Canada, and the British ambassador did not. Now Australia and New Zealand and all the rest want to know if Canada, without an approving signature from the Imperial Government, can bind and deliver other parts of the Empire.

W. McKenzie King, Canada's ultra-liberal premier, is very much in the political debt of the extreme nationalists of French Canada, who make no secret of their desire for a complete severance of political bonds with the United Kingdom. The halibut treaty is the first document of international importance which the Dominion has been permitted to sign without the signature of the British ambassador. Now the world is wondering if it was designed as part of an effort to lay the basis for Canadian independence.

The next Imperial Conference promises to be a lively one.

Prosperity Real and False.

The present output of construction materials, transportation equipment and manufactured goods generally, reports the National City Bank of New York in its last bulletin, has never been surpassed. This output is compared naturally with that of the greatest year during the war boom—the year of 1917. But there is one great difference, worth noting and remembering.

"The activity of 1917 was largely expended upon war equipment and supplies. The output of iron and steel was then going largely into guns and shells, while now it is going into building materials, railroad equipment, automobiles and machinery. The output of the textile industry was going largely at that time to clothe the armies, while now it is going to supply the general trade demands."

In other words, the war-time output was largely wasted. Materials and goods disappeared into the maw of war. There was profit on them, to be sure, yet it was largely a false profit, paid only on the books or eaten up by high prices and high taxes. The products representing real wealth disappeared, leaving a deficit of such wealth.

Now the country is not only producing the goods but keeping them and using them. Thus the country, working busily now as it worked during the war, is really getting ahead. The present prosperity, therefore, is as real as the war prosperity was unreal.

Immigration Reform.

Judge Gary, chairman of the United States Steel Corporation, explains that when he criticized the present immigration law he did not mean to urge unlimited immigration. He wants immigration restricted, he says, in quality rather than in numbers. His idea of regulating quantity seems to be a flexible system that would let in, from year to year, a number "equal to the necessities of our industries."

There can be little quarrel with this plan as a general proposition. Most of those who have studied the immigration question carefully agree that immigrants should be selected with more regard to quality, and should be admitted with more regard to the needs of American industry. Canada has such a system, and it is said to work very well, admitting only aliens deemed worthy of becoming citizens and suitable for employment in industry or agriculture, wherever they happen to be needed.

This is an ideal to work toward, rather than a plan for immediate acceptance. It is evident that the first thing needed is to make better arrangement for picking the immigrants. After that, the bars may be let down somewhat. For the present, in spite of the clamor of big employers for more workmen, the public seems to rejoice that so few immigrants of any kind are coming in, so that it is possible to assimilate the aliens already here.

The average citizen today will not admit that immigrants are needed. When the need becomes generally apparent, it may be possible to obtain legislation along the line that Judge Gary suggests.

Shakespearean fans have been celebrating the three-hundredth anniversary of the original edition of Shakespeare's plays; and fortunately for the Bard's reputation, they don't say anything about the original spelling.

STATE STREET
FIRE LOSS IS
HALF MILLION

Boston, May 2.—Damage estimated unofficially at more than \$500,000 was caused by a fire tonight on State street in the heart of Boston's wholesale district. After a two-hour struggle firemen said the flames were under control.

The building of the Webster-Thomson Company, wholesale grocers on Saturday in the basement of which the fire started, suffered to the extent of \$200,000, officers of the company said. The stock of Thomas W. Emerson Co., seed dealers, occupying the adjoining building, was damaged by smoke and water \$300,000 it was estimated.

The building occupied by H. A. Thomas Company, bakery supplies, on the other side, was also damaged.

SOCIETY EVENTS
AT NAVY YARD

Mrs. Douglas E. Dismukes held her monthly at home on Wednesday afternoon and entertained a large number of guests. The Commandant's quarters never looked more attractive and the weather was ideal for the gathering. The Navy Yard Orchestra, stationed in the conservatory, rendered pleasing selections while the guests were gathering and later for dancing. The decorations of the rooms were red carnations. Mrs. Dismukes was assisted by Mrs. E. J. Grow, Mrs. E. G. Kintner, Mrs. Gerow, Mrs. D. C. Laizure, Mrs. Stephen Decatur, and Mrs. E. R. Norton. The hostess greeted all most cordially and the occasion was a delightful one to her guests.

Mrs. Hoyt, wife of Commander Robert E. Hoyt, gave a luncheon today in honor of Mrs. Gerow, which was a most pleasant social event. Following the luncheon auction bridge was enjoyed. The guests on this pleasant occasion were Mrs. Gerow, Mrs. Douglas E. Dismukes, Mrs. W. M. Hunt, Mrs. T. S. Jewett, Mrs. Wise, Mrs. R. M. Warfield, Mrs. E. G. Kintner and Mrs. W. H. Parker.

The navy yard reading club met on Tuesday afternoon with Mrs. C. P. Owens.

OBSEQUIES

Eugene A. Hubbard
The remains of Eugene A. Hubbard, who died in Kittery April 30th, were taken to Lynn, Mass., today where the funeral services will be held in Rhodes Memorial Chapel this afternoon at two o'clock. The interment will take place in the family lot in Lynn, Mass. James T. Webber of Ham's Undertaking Rooms had charge of the funeral arrangements.

Robert Hatch
The funeral services for Robert Hatch were held from 122 Market St. Wednesday afternoon. Rev. A. M. Hainer conducting the service. Temporary interment took place in the receiving tomb in York Village, Me., under the direction of James T. Webber of Ham's Undertaking Rooms.

Sarah Ella Leverton
The funeral of Sarah Ella Leverton was held from the Buckminster Chapel at three o'clock Wednesday afternoon.

NEWS OF THE NAVY
AND NAVY YARDS

Naval Orders
Rear Admiral A. M. McCormick to member of naval examining board, naval retiring board and board of medical examiners' Washington.
Commander P. W. Foote to officer in charge of navy recruiting bureau, New York.
Lieut. Commander W. C. Barnes to the Henderson.
Lieut. Commander G. K. Davis to the Asiatic station.
Lieut. Commander R. G. Davis to the Aroostook.
Lieut. Commander A. E. Lee to destroyer squadron, battle fleet.
Lieut. Commander G. C. Rhodes, continue duty on the Langley.
Lieut. Commander W. H. Short to the Antares.
Lieut. R. R. Clark to the Massachusetts Institute of Technology, Boston.
Lieut. J. P. Brown to navy yard, Boston.
Lieut. P. Harrison to command the P 20.
Lieut. J. D. Jewell to navy yard at Puget Sound.
Lieut. R. L. McMahon to naval supply depot, South Brooklyn.
Lieut. G. W. Clement to the navy yard, Norfolk.

Checker Tournament
At the end of 1st round of the checker tournament on the navy yard for the championship Geo. Kane and Austin Goggin are tied for the lead with 6 1-2 games each. E. Copeland has 6 games and E. Emery 5 games. Play on the second round will probably be completed some time this week.

Reported for Duty
Frank B. Silberry, seaman 1st class reported for duty at the local yard today.

George A. Williams
George A. Williams, aged 80, and a retired navy yard workman, passed away at his home in Kittery Wednesday. While at the navy yard he worked in the shipfitters shop as a riveter where he made many friends who will regret to learn of his death.

Wage Board Reported
The new wage board which is to make recommendations on the local wage schedule, reported this morning and held its first meeting. The board is made up of Comdr. Norton as Senior member, Lieut. Com. Laizure, Lieut. Downy, D. L. Long is acting as recorder.

WOMAN'S CITY CLUB
COMING EVENTS

The following are some of the activities of the Woman's City Club planned for the next two months:

May 10, 3.00 p. m. business meeting, question of City Club owning club house to be discussed. Violinist, Sue Soule, pupil of Felix Winteritz of Boston.
May 14, card party.
May 17, 8 p. m. concert at Peirce Hall. Aeolian Quartette; Miss May McIntire, reader, of Manchester.
May 31, 3 p. m. "Use of Poetry in Every Day Life," Rev. Isaac Higginbotham.
June 7, lawn party.
June 14, 2.30 p. m. annual business meeting and election of officers.

R Y E

Rye, May 3.—The regular meeting of the Ladies' Aid was held Wednesday evening with supper at 6.30, consisting of cold meats, mashed potatoes, hot gravy, rolls, green peas, ice cream, cake and coffee. The entertainment was a Country School with the teacher, superintendent, and twelve scholars. This was made very funny and enjoyed by all and the participants received much applause.

Mrs. Shirley Philbrick was a visitor in Portsmouth Thursday.

Miss Marion Green has been passing her vacation with relatives in Rye.

Howard Durgin is making rapid progress on his lawn in front of his new home.

Mr. and Mrs. Thomas Parsons and Mr. and Mrs. Daniel Parsons went to Everett, Mass., today to attend a funeral.

Mrs. Hilda Hodgdon is visiting her parents, Mr. and Mrs. Roscoe Berry.

Herman Rand and Austin Trefethen have each recently purchased an automobile.

ADVENT CHURCH SERVICES

The meetings at the Advent Christian church are progressing in interest. Last evening, the evangelist spoke on "The Kingdom of God—How Attained?" He held the attention of his listeners throughout. The praise service was full of life and enthusiasm. A very pleasing selection was rendered by a mixed quartette.

Mr. Hewitt urged his hearers to make the most of God's provision of grace and secure entrance into the Kingdom of Heaven. "A world of grace is due" said he "of which Jesus Christ is to be the King and the Saints of God its citizens." Eternance therein can be secured only by becoming partakers of the divine nature and by developing the spiritual life.

Service this evening at 7.30 o'clock. Seats free. All are cordially welcome.

POLICE AT
LACONIA LAND
AUTO THIEVES

Lancina, May 2.—The Laconia police picked up a stolen car at 11.30 tonight and arrested two men who were driving it. The car was stolen at ten tonight at Plymouth and was the property of Mr. Draper of the firm of Draper and Maynard. He had left it on the street. When he went to get it, it was gone. The Plymouth police broadcast the theft, and the Laconia police were informed that the car was headed south.

At 11.30 o'clock Sergeant Buzzell and Officer Clare saw the car on Union avenue headed south and they stopped it. On board were two men who gave their names as W. H. Larrill of 8 Winter street, Concord, and Edward Barry of Cambridge, Mass.

FORMER NASHUA
MAYOR DEAD

Nashua, May 3.—Albert Shedd, mayor of Nashua from 1907 to 1910, died early today. He was born in Belvidere, Mass. He was a director of the Second National Bank.

THE PLANS FOR
CHAMBER DINNER

Lieutenant E. P. Jolles of Fort Constitution, chairman of the committee of One Hundred Chamber members who will welcome the G. A. R. men at the supper meeting next Thursday, called at the offices today and informed the committee that he will add a most unique idea to the affair.

The color guard and bugler of the Fort will be brought to the dinner by Lieut. Jolles, and will gladden the hearts of the Civil War Vets by giving the various calls during the dinner and evening. Lieut. Jolles will salute the veterans with an address from the Regular Army, and Commander Doolittle of Storor Post will respond.

People really interested in learning of factory possibilities will find this meeting a remarkable one. The talk of Thomas Anderson head of the New England Shoe industry, will alone be worth hearing.

"The Business Outlook" will be the talk given by L. D. Peaver, vice president and editor-in-chief of Babson's Statistical Organization.

Reservations are coming in from as far as Dover and Rochester for this event, for every manufacturer and banker knows that Mr. Peaver is a difficult man to secure for a talk. Local bankers have been invited by the committee to send their clerks to the event, as bank figures play a big part in Babson's work.

MOSES STRONGLY
FAVORS JOHNSON

Paris, May 2.—Senator Moses, chairman of the republican senatorial campaign committee, before leaving for the United States today, denied he was to manage any presidential boom for Senator Borah. Neither had he any presidential aspiration himself at present, he said.

But for Senator Johnson he expressed an enthusiastic admiration. He heartily approves what he calls the California senator's "two-fisted reciprocating engine style of getting things done." Then he said:

"In the matter of American entanglement in European affairs, I believe the America public has not changed its attitude on the principles they approved in the 1920 presidential election, although they may have changed their attitude about the man."

He says that there is no disputing the fact that a desire to have America join with them "in some organic union" pervades all of Europe. The intensity of this desire far outruns any American desire to gratify it, he adds.

MANCHESTER CORNERS
WILL BE IMPROVED

Manchester, May 2.—Announcement was made today by the Manchester Traction Light & Power Company as well as by the Couture Theatre interests of a plan to build two buildings on the two opposite corners of Hanover street. A five-story office building will be put up by the traction company, while a new theatre is expected to take the place of a row of "five footers" on the opposite corner.

WARDEN MISSING
SINCE FALL FOUND
DEAD IN RIVER

Dover-Foxcroft, Me., May 2.—The body of Game Warden Merley E. Johnson of Patten, who with David E. Brown of Greenville, chief game warden for northern Aroostook county, disappeared last November while hunting for game poachers along the international boundary, was found today at the Big Bog dam, near the border. The body was in the water and the wardens who found it could not determine whether Johnson had been drowned or shot.

News of the finding of Johnson's body was sent to Game Commissioner Willis E. Parsons here by Wardens Bert Dury and Stanley Allen, who discovered it. Big Bog dam is in the rugged boundary district, about 40 miles north of Greenville.

Dury and Allen did not take the body which they identified by its clothing and size, from the water, but secured it with a rope. Johnson was an unusually large man. The search for Brown's body will be continued.

GEN. BARNUM HAS HAD
AN ACTIVE CAREER

Brigadier General Malvern Hill Barnum, who yesterday took over command of the Eighteenth United States Infantry Brigade, made up of the Regular troops assigned to the New England military district, went to Camp Devens yesterday to direct the assembling of his command for the summer training and camps of the National Guard. Organized Reserve, C. M. T. C., and other civilian-soldier units.

General Barnum was born in New York on Sept. 2, 1863, the son of the late Major General Henry A. Barnum, who won distinction in the Civil War and was wounded in the battle of Malvern Hill during the Peninsula campaign. He was awarded a medal of honor for gallantry at Chattanooga.

The new commander of the Eighteenth Brigade was graduated from West Point in the class of 1886, and assigned to the Third Cavalry. His first service was in Texas, and he was in the campaign in Cuba in 1898. At the battle of San Juan Hill he was shot through the hip. This wound was received on the anniversary of the day that his father was shot, also through the hip, at the battle of Malvern Hill.

Later General Barnum was detailed as instructor at West Point and afterwards served as aide on the staff of General Weston of the Eighth Cavalry in the Philippines. During the World War he served as brigadier general, commanding the 153d Infantry Brigade of the 22d Division and served as chief of the American section of the Inter-Allied Commission at Spa, Belgium. He has been awarded the D. S. C. by his own country; the Order of the Bath, by Great Britain; the Legion of Honor by France; the Order of Leopold and the Croix de Guerre, by Belgium, and the Order of St. Maurice and Lazarus, by Italy.

NO SPORTS FOR LEGION
ON-MEMORIAL DAY

Concord, May 2.—That the American Legion in New Hampshire will neither countenance nor participate in Memorial Day sports is made plain in the annual Memorial day bulletin just issued from Legion department headquarters at Concord. The bulletin is signed by Department Commander Charles S. Walker of Keene and directs that all posts refrain from such participation. It goes further to request that all Legionnaires take part in Memorial day exercises, rendering every possible assistance to the Grand Army of the Republic and the United Spanish War Veterans in their own observance of the day.

FORT PREBLE INFANTRY
TO CAMP DEVENS TODAY

Portland, Me., May 2.—Officers and men of the 1st and 2d Battalions of the 5th Infantry, U. S. A., will start tomorrow morning for Camp Devens from Fort Preble in South Portland. Lieut. L. C. Collins of the Motor Transport Corps is in charge of the convey of trucks that came here from Boston Tuesday.

YORK COUNTY W. C. T. U.
MEETS IN OLD ORCHARD

Old Orchard, Me., May 2.—The 37th convention of the York County Woman's Christian Temperance Union was held in the Methodist Church today.

Miss Clara Meiserve, county president, presided and made a brief address. The memorial service was led by Mrs. E. A. Carter of North Berwick. This afternoon talks were given by Mrs. Fred Luce and Rev. B. C. Wentworth of Old Orchard and others. Mrs. Julia E. Wells conducted the children's hour. Ten-minute speeches were made by local pastors tonight.

PRIDHAM SERVED
STEAMED CLAMS

Sergeant-at-arms James W. Pridham of Newcastles served steamed clams to members of the house, the heads of state departments and the house and senate officials last evening. He had also as guests Governor Fred H. Brown and Congressman-elect William N. Rogers. The bivalves were of Mr. Pridham's own digging and were secured and brought to Con-

TRAP DEFEATS NORTH BERWICK HIGH 9 TO 4

Trap Academy won its second of the league baseball games at Kittery on Wednesday evening when they defeated North Berwick high by a score of 9 to 4. Morrow pitched a good game for the home team, holding the visitors to seven hits and keeping them well scattered. He had fine support from Tilton who is developing into a good backstop and he is hitting the ball well.

There was a good crowd present and there was a cheering section from the academy which testifies to the fine spirit that there has been developed in athletics in this school.

The visitors did not score until the sixth inning when Kittery had a good lead, the game as a whole being very close until the fifth, when Trap scored three runs and after that they hit Marston freely and scored in the sixth and eighth innings.

At the paid that Trap is going now they should be strong contenders for the championship, Sullivan high of Berwick is the only team that is liable to upset their winning stride.

The score:

	TRAP	ab	r	b	po	a	e
Cole 2b		5	1	1	3	2	2
Frisbee 1b		5	1	1	6	0	2

KITTERY POINT

Kittery Point, May 3.—The Friday night whist party which was to have been held at the fire house on Friday evening has been postponed until May 11, owing to the parent teachers meeting at the Mitchell school. Let us all go and encourage the children.

Regular meeting of the Kittery Point fire company will be held at the fire house Monday evening, May 7. Come boys turn out and let's get together.

Mrs. Sherman Waldron and two children are spending a few days with friends in North Berwick.

The Sewing Circle connected with St. Raphael's church will meet with Mrs. Charles Witham Sr. this evening.

A fine program will be given at the Parent-Teachers Association at the Mitchell school Friday evening. Ice cream and candy will be on sale after the entertainment.

The Ladies' Aid Society of the First Christian church will hold a social at the home of Mrs. Charles Sawyer this evening.

Prof. Thomas Jenkins and Mrs. Jenkins of Chicago arrived here on Wednesday to spend several weeks at the home of Mrs. J. C. Robinson.

Mrs. Jesse Lord is confined to her home quite ill.

Mrs. Charles Clark has returned to her home from a few days visit in Boston.

Albert Linscott returned to Boston today after spending the week at his hotel.

George Lambert has purchased the house of the late Evelyn Tobey on Keene's Lane.

NO MORE WAR

By Colonel Farrand Sayre, U. S. A.

Last summer "No more war" meetings were held at various places in the United States. At these meetings, which were largely attended, orators discoursed upon the horrors and futility of war and then passed on to the subject of the limitation of armaments. Since wars are useless and no one desires them why should we prepare for them? Why not spare the expense of maintaining an army and a navy and liberate their personnel for productive labor?

Just here it is difficult to follow the thread of the argument. It would be quite as logical to hold "No more fire" meetings, have orators describe the needless waste of conflagrations destroying homes, business blocks, libraries and churches and bringing a frightful death to thousands of innocent people and then pass on to a discussion of the cost of fire departments and fire equipment and the saving that

Blue Ribbon Shrimp Salad

Shrimps
Lettuce
Tomato
Eggs
and

RICHARD HELLMANN'S
BLUE RIBBON
MAYONNAISE

might be made by selling the fire engines and setting the firemen to work on farms. Or we might equally well have "No more influenza" meetings, describe the suffering and loss of valuable lives in the epidemic which swept the country in 1918 and then discuss doing away with physicians and converting our hospitals into factories.

Soldiers do not start wars any more than firemen start fires or physicians start epidemics. Wars are made by newspapers, by politicians, by merchants, in fact, by the people themselves. The soldier is then called in to end the war. It is the function of the soldier to make peace. He is the practical peacemaker and praises of the blessings of peace are arguments for the maintenance of an efficient army and a strong navy. It is not given to us to know when the next war will come or from what source it will spring but history, especially the history of our own country, teaches us the wisdom of being ready.

Democracies are especially susceptible to sudden and unexpected wars. In January, 1898, there were few who would have guessed that we would soon be at war with Spain. But when the Maine was blown up in Havana Harbor on February 25 and investigation showed that the explosion came from the outside and beneath the ship there was an universal demand for war. The President, Mr. McKinley, was opposed to a declaration of war against Spain but he was compelled to obey the will of the people. The re-election of Mr. Wilson to the office of President in 1916 on the slogan "He kept us out of war" was understood at the time as an expression of the will of the people that the United States should not enter the war which we then called the "European War." Popular sentiment seemed to change during the month of December, 1916, and the congressmen who voted for war did so because they knew it to be the will of their constituents.

When the people clamor for war they do not consider whether or not we are ready to enter it with advantage upon ourselves and this fact forces upon the government the necessity of making such preparation as will enable us to organize an army quickly when it is needed. This cannot be done without keeping certain elements of the army constantly employed in making necessary preparations and ready to act as instructors for the army when it is raised. Opinions differ as to the strength of the elements which should be kept employed in time of peace but it is the recognized policy to keep them at the minimum essential for the accomplishment of the purposes for which they are intended.

Every one would hail with joy the assurance that there would be "No more war" if there were any one in a position to give us this assurance. Unfortunately those who predict that there will be no more war always turn out to be false prophets.

JAPANESE STEAMSHIP LINE ORDERS THREE OIL-BURNING VESSELS

(By Associated Press)
 Yokohama.—The Nippon Yusen Kaisha is planning to build 10,000 ton freighters each equipped with Diesel oil engines. An order for the construction of these vessels already has been given in England and they are to be completed within one year. Another freighter of 5000 tons is to be constructed in Japan. The former will be used for the New York service and the latter on the Shanghai run.

NORWAY HOLDS LOST HARPOON

Bergen.—The carcass of a whale caught in the Davis Strait, Greenland, and recently brought into a Norwegian port, the head of an old harpoon has been found, deeply embedded in the blubber. Experts declare that the whale must have carried the harpoon in its body for some fifty years, since it is a pattern used by the American whalers when they fished the Greenland coast half a century ago.

NEW DEVICE MAY INCREASE LIFTING POWER OF AIRPLANES

London.—An improvement of at least ten per cent in the lifting efficiency of aeroplane wings is expected to be made by an invention which has been patented by a young officer of the flying corps.

He claims to have discovered the method by which crows and other birds glide at fine angles, and experiments which have been made with gliding models suggest that the wing tip feathers are not merely for balancing purposes but contribute largely to the lifting capacity.

KITTERY

Kittery, May 3.—Mr. and Mrs. Amos Des Jardins and little daughter are passing the week with relatives in Franklin, N. H.

The death of George Williams occurred on Wednesday afternoon at his home on Government street.

The Old Peabody Pew will be given by the Ladies' Circle of the Congregational church on June 1 for the benefit of the Nursing Association.

Little Miss Eustacia, Chick is ill at her home on the State road at North Kittery with the grippe.

Mrs. Eugene Hubbard and sister Mrs. Annie Clark left this morning for Lynn, Mass., accompanying the remains of Mr. Hubbard whose death occurred on Monday. The funeral services took place today at Lynn.

Mrs. Hanson Barney was a recent visitor in Quincy, Mass.

Mr. and Mrs. Frank Burnham and daughter Gertrude of Portland, Me., are guests of the former's brother George Burnham and family of Woodlawn Ave.

The Noisy Dozen Club was entertained by Mrs. Fred Goss at the Intervene on Wednesday afternoon.

Mrs. Robert L. Linnahan and two children and Mrs. Helen Shrook of Atlantic Heights were guests of relatives here on Wednesday.

Regular meeting of Grange this evening.

The Wentworth-Dennett P. T. Association meets at Armory Hall on Friday evening at 7.30 at which a report of the local delegate to the district meeting of the Cumberland and York Counties P. T. Associations will be read. Frank J. Sullivan will give a talk on Boy Scouts; there will be piano solos, a reading by Frederick Young, and a paper by Mrs. William Fife and a social time. A cordial invitation is extended to all to be present at this meeting. A fine time is assured.

Mrs. Franklin James Sr., Mrs. Ralph Hammer and son of Newport, R. I. and Mrs. Franklin James Jr., and son of Stratford, Conn., are guests of Mr. and Mrs. Frank J. Sullivan of Whipple St.

The Boy Scouts are to enjoy a hike on Saturday and will assemble at Navy Yard B. and M. station promptly at 9 o'clock. All members of Eagle Patrol of Kittery be on time for a good time. Take lunch and paper and pencil. All boys 12 years of age and over wishing to join the Boy Scout organization are asked to hand in their names by Saturday.

Frank J. Sullivan returned Wednesday evening from a weeks' trip to points in Rhode Island and Connecticut.

Another real picture. Tom Moore in "Beating the Game" at the Strand on Friday and Saturday.

Hot Dishes Won't Mar

If you polish your dining room table occasionally with Johnson's Wax you will have no trouble with hot dishes. The Wax forms a thin, protecting coat over the varnish, similar to the service given by plate glass over a desk or dresser top. Johnson's Liquid Wax is the ideal furniture polish.

JOHNSON'S PASTE - Liquid - Powdered POLISHING WAX

You can give every room in your home that delightful air of immaculate cleanliness by using Johnson's Polishing Wax occasionally on your furniture, floors, linoleum and woodwork. Johnson's Wax cleans, polishes, preserves and protects—all in one operation.

There is no Substitute for Johnson's Polishing Wax. For Sale at All Good Stores.

Correct Fitting

Whether you derive the greatest good from your eyeglasses or spectacles depends to a great extent upon whether they are correctly adjusted in the first place.

We pay a great deal of attention to this matter of adjustment. We grind the lenses to exactly correct your defects of vision and then adjust them so they will be in absolutely right optical position before the eyes at all times.

A black and white illustration of a man in a suit and tie, looking down at a newspaper he is holding open. Above him, several signs on poles are arranged in a semi-circle. From left to right, the signs read: 'FOR SALE', 'FOR RENT', 'BUSINESS OPENINGS', 'LOST', 'HELP WANTED', and 'FOUND'. The man's expression is neutral as he reads. The newspaper he holds has some text visible, including 'THE NEW YORK TIMES' and 'SATURDAY, MAY 19, 1934'.

ROTARY CLUB TO ENTERTAIN MANCHESTER

The local Rotary Club will be the host this evening of the Manchester Rotary club who will motor to this city tomorrow evening for an informal get together and supper at the Rockingham hotel.

POMONA GRANGE MEETS IN NEWINGTON

The regular meeting of East Rockingham Pomona Grange will be held with Piscataqua Grange of Newington on Wednesday, May 9. Deputy Walter H. Tripp will be present for instruction and the Pomona degree will be conferred in full at the morning session at 10.30.

Between sessions Mrs. W. C. Goodell of the Home Economics Committee of the New Hampshire State Grange will conduct a conference for the Home Economics committees of the various Granges. The public program at 2 p. m. follows:

- Invocation
- Music
- Address, Mrs. W. C. Goodell, Keene.
- Music
- Drama, "Celia Thaxter and the Isles of Shoals" Mrs. Hazel W. Tufts, Exeter.
- Music
- Address, Miss Mary L. Sanborn, Durham.
- Special Feature
- A number of the members of the local grange will attend the session.

TO SURVEY FOR POLICE SIGNAL

At the urgent request of several citizens, the directors of the local

Chamber have instructed the committee on committees to name a group to take up at once a survey regarding the need of a Police Signal System. The following committee has been named to start action: Volney Badger, Orman R. Paul, Warren N. Davis, W. J. Kennedy and N. J. Groux.

Such a system increases the efficiency of the police many per cent, makes every officer available instantly, and is used in many cities smaller than Portsmouth. It consists of a system of signal telephone boxes and lights, also horns for daytime use, and word of any crime can be conveyed to the police on duty in at least two minutes.

Due to the activities of the school committee, three more names have been added, namely, Dr. G. A. Tredick, Mrs. S. M. Cohen and Paul V. Rockwood. The committee meets tomorrow evening to take up further matters, and will have health nurse Miss Miller as a guest.

MASONS HEAR TALK ON WILLIAM PRESTON

A meeting of St. John's Lodge was held on Wednesday evening and after the work there was a talk by Oliver L. Felsbee on William Preston. This was followed by a supper.

GLORIA SWANSON PICTURE AT PIERCE HALL FRIDAY

"Her Gilded Cage" a typical Swanson picture with all the exquisite gowns, daring dancing and within all a tender story of the neglected wife. This has been declared by all the critics as one of her best pictures of the past year. Dancing as usual during the pictures, on the same bill the Paramount feature "Bonnie Briar Bush."

LADIES' NIGHT

Whist, dancing and refreshments, at the Elks' Home Friday evening, May 4, at eight o'clock. A good time assured for everybody.

WILL HOLD TRAP SHOOT IN NASHUA

Annual Amateur Championship Shoot to Be Held June 29 and 30

Elimination of Maplewood as a possible location for the state amateur championship shoot June 29 and 30 next, under the auspices of the New Hampshire Trapshooting Association, brought the question of holding it in Manchester as originally planned at the state shoot in this city one year ago, squarely before the directors of the state association at a meeting of these officials at the Amoskeag Textile club yesterday afternoon.

F. A. Belden of Portsmouth, president of the state association, and the

PRES. F. A. BELDEN
Of the N. H. Gun Club.

chairman of the board of directors, presided at the meeting. William E. McKay of this city officiating as secretary. For the purpose of obtaining the sentiment of the directors relative to holding the state shoot at Maplewood in conjunction with the Maplewood shoot the first week of July, Jas. H. Mendell, president of the Goffstown Gun club made a motion that the state shoot go this year to the White Mountain summer resort. Mr. Mendell was the only director voting in favor of the motion.

Then upon motion of W. B. McKay, it was voted unanimously to hold the state shoot in Manchester.

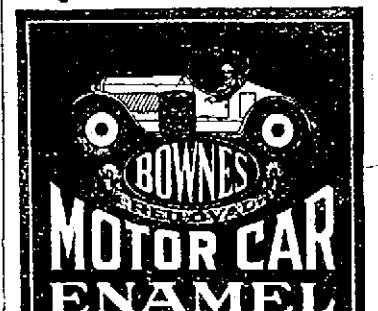

President Mendell of the Goffstown club reported the condition of the club house and traps at Goffstown to be very bad from lack of usage and that putting them in proper shape to hold a big shoot, meant the outlay of at least \$400 which would have to be subscribed by a few shooters. Under these conditions the Goffstown club did not desire the shoot at Goffstown. If suitable arrangements could be made with the Amoskeag Gun club to hold the shoot on the Amoskeag grounds, the Goffstown club would assist in every way in making the shoot go over the top.

This store is a Service Station and supplies all the necessary information by which you can make your old car look like a new one. Thousands are surprised themselves with the jobs they are doing. They enjoy driving a car they have enamelled themselves.
Let us tell you how you can make your car attractive and very materially add to its value.
Red Oval Motor Car Enamel made in ten shades.
Free Demonstration Thursday Night 7.30 P. M.
All Questions Answered

NEAL MOTOR CO.
State St.

Discussion of the local situation for holding the state shoot developed a fine spirit of co-operation among the shooters of Portsmouth and Nashua present. These shooters volunteered to loan their traps to the Amoskeag club for the June tournament and assist personally, if their services were needed in conducting the shoot. Messrs. Belden and Wendell of Portsmouth offered to help finance the shoot before it was held, to the extent of getting traps and other equipment ready and in first class shape so that the visiting gunners would have no cause to complain of the management.

Present at yesterday's meeting were F. A. Belden, Portsmouth, president of the state association; William McKay, of this city, secretary; H. T. Wendell of Portsmouth, W. C. Labombard of Nashua, James H. Mendall, Summer M. Patten and Carl R. Lagerquist of this city. All but Mr. Lagerquist are directors of the state association.

CHRISTIAN SHORE LOOKS NEAT AND TIDY

"Clean up the back yards and back up the clean yards," such is the title a youngster gave his paper on "Clean-up Week" yesterday, and then proceeded to give a list of dirty yards on his street, and alongside a list of clean yards. As the time for the end of the campaign draws near, the street department is working to the limit carting refuse from property.

Christian Shore had a visit yesterday from a squad of camera artists and the result showed that yards are practically all cleaned up. Only two more days and the week ends, then watch the papers for the prize winning papers of school children describing your yard before and after the campaign. Every street in the city will be described, and you can bet your last dollar these school youngsters are not overlooking a thing.

The committee has decided that this campaign will be kept up all year. Cards showing dirty spots will be filed, and turned over to the health authorities, also efforts will be made to clear up all the dumps that interfere with property. A dump automatically reduces the value of your home, for burning rubbish and old papers attract the eye of the visitor quicker than the finest lawn or pretty house.

Put your shoulder to the wheel, clean the cellar, attic, and yard today; call 970, and Supt. Smith will do the rest.

NOTICE
All Elks are requested to meet at the Home Thursday evening at 8 o'clock. Big business, light lunch. 2t m2

Ford

THE UNIVERSAL CAR

Few people realize the tremendous effort being put forth by the automobile manufacturers of the country to try and hold the price of cars at its present low level. Two years ago the Ford Motor Company purchased a railroad to help expedite the handling of their product. Within six months they have purchased a coal mine in order to try and insure a steady supply of this necessary product and to lower the cost to a minimum.

They own their own lumber mills and forests, also manufacture their own top material. Within the last month they have purchased a glass works which is capable of producing ten per cent of all the plate glass manufactured in this country.

These news items represent only a few of the efforts that the Ford Motor Company is doing to try and maintain the present low price which you now pay for a Ford Car.

And yet with steel, cotton, rubber, copper, iron ore and many other raw materials which the Ford Motor Company have to buy on the open market jumping to new high levels every week it surely will be a wonderful accomplishment if they succeed in holding the present prices for even a short period of time.

It is almost impossible to realize the tremendous industrial activities being carried on by the Ford Motor Company for the benefit of every man who owns a Ford car and every prospect who some day may become an owner.

You can make no mistake in buying your Ford Car now and save disappointment later.
